Headteacher: Mr David Goucher

Date: Thursday 8th July 2021

Dear Parents and Carers,

As you may be aware one of our year group bubbles has gone down today and we are in the process of following DfE and Public Health England guidance regarding this. We have been in touch with the relevant year group and will continue to keep them updated with any developments.

Following the bubble popping, as well as the announcements by the Government on Monday, the purpose of this letter is a general update as it has resulted in one or two changes. Here goes:

- 📌 **Sports Day** will now take place in year groups separately between now and the end of term. Your child's class teacher will let your child know the day.
- 📌 **End of Year Reports** – Year 6 will be distributed tomorrow, Years 3 and 5 distributed on Monday and Year 4 will be posted.
- 📌 We have **cancelled a number of sporting fixtures** so as to protect year group bubbles.
- 📌 We have **reminded** children regarding the rules of handwashing and keeping space between themselves and others.
- 📌 Although there have been a number of restrictions lifted from Monday 19th July, **we will continue with our current year group bubbles and procedures** right up until the end of this academic year. Furthermore, parents/carers will still be required to wear facemasks as is the case now as well as adhere to social distancing at pick-up.

I hope that the above meets you well and thank you for your support. We are trying our very best to minimise risk in school and thank you for doing the same when your child is at home. I would encourage you to be vigilant, be mindful that cases are rapidly rising in the area and, as a result, behave accordingly and responsibly. Please stay safe and take care.

With every good wish,
Mr Dave Goucher
Headteacher.
